Brillsers! Zowtoid! Funnnng!

From the tin mind of Cranetron himself, your pals at **Xenoxxx Research Limited** proudly present a sneak peek into the only show for junior consumers. Let's hear it from the geezer with the teasers!

*"I am incapable of love, but this broadcast perturbs my chassis. Therefore I am **97.3%** certain that you will experience comparable malfunction. Shun the remainder."*

Thanks, Cranetron! We know that all those loyal fans will fall for your shiny charm again next season!

XENOXXX IS BOUNTIFUL.

LOADING INSTRUCTIONS

Before turning on your X-80 system, please ensure that your personal communications module is within the expansion port.

If the module fails to self-test, or becomes detached during operation, then report immediately to any monitoring station.

Loading is automatic on current hardware. Users of outdated systems should type:

   LOAD "" then press **ENTER**.

This will automatically begin the upgrade process via a small explosive charge. Please note that unauthorised hardware may detonate the large explosive charge.

HOW TO PLAY

Whimsy Rodgers will interpret your behest. Should it become unresponsive or agitated, use legacy interface keys **1** to **5**.

To reduce unfortunate misunderstandings, the first secret code is **121**. Only the Cool Xenoxxx Kidz know more...

Check out these other cool games from Xenoxxx Research Limited!

- ● Whimsy and the Dissidents
- ● Monty got The Runs
- ● Make Nuggets, not Goujons
- ● Funtron '81
- ● Super Vortex Simulator
- ● Dancin' Kenny
- ● Aieee! Bees!
- ● Sensorium Girlybox: The Music Box

So don't delay, buy today! Remember, when you're at risk from boredom and bad thoughts, rest assured that Xenoxxx will rise to the occasion.

If you have written software for any home computing device, we want to hear from you! Proactive surrender permits clemency.

PIRACY IS DEATH

BROADCAST INTERFERENCE IS A CRIME PUNISHABLE BY BANISHMENT.

THE TRANSMISSION OR RECEIPT OF ANY UNAUTHORISED SIGNAL RISKS THE SECURITY OF XENOXXX, YOU, AND YOUR FAMILY.
