

# SACRED VALLEY

*My name is Sayri and I am the brother of the king  
The queen and the general have committed high treason  
My king and I have been thrown into the sacred valley  
I feel bruised, nothing serious  
but the king is dead  
It wasn't the blows that opened  
his entrails before precipitating it  
They wanted to be sure he didn't get out alive  
Tradition can no longer be fulfilled*

## Hints:

- 1 - At night, in the valley, your vision is much worse. However this darkness will allow you to see small glimpses invisible by day.
- 2 - Do not hesitate to seek the refuge of a cave if you find yourself in danger from the beasts of the valley (press the cursor down to enter them).
- 3 - Do not be afraid of souls in peace (you will distinguish them by their immaculate white).
- 4 - Every day the valley will become more dangerous. The beasts, increasingly afraid of you, will become more aggressive.
- 5 - You don't have much time, explore and look for a way out, believe it or not, you are not alone.
- 6 - Your vitality is reflected in your hair like a lion's mane.
- 7 - You can use cursor + space bar or joystick. Press F1 to pause.
- 8 - Not all the endings are good enough. Look for the end of a real king
- 9 - The sacred valley is bigger than what you see, bigger than you expect. Explore, search and discover.
- 10 - Every time you get a new item, a code will appear on the screen that will allow you to continue the game. Just write the code in the intro screen.
