INSTRUCTIONS MANUAL

📖 Story

Being the cousin of a famous ape is not easy. You are always compared to him whatever you do. Now, your girlfriend wants to test you and has decided to kidnap herself and go with the most thug monkey in *Jujuland*: *Monolete*.

You will not tolerate this and you will fight against every creature that dares to cross your path. You will recover your beautiful apefriend to show how cool you are and she never will call you Tokimal again.

🏁 Goal

Our mission is to defeat *Monolete* and his suite of monsters that run the show in *Jujuland*.
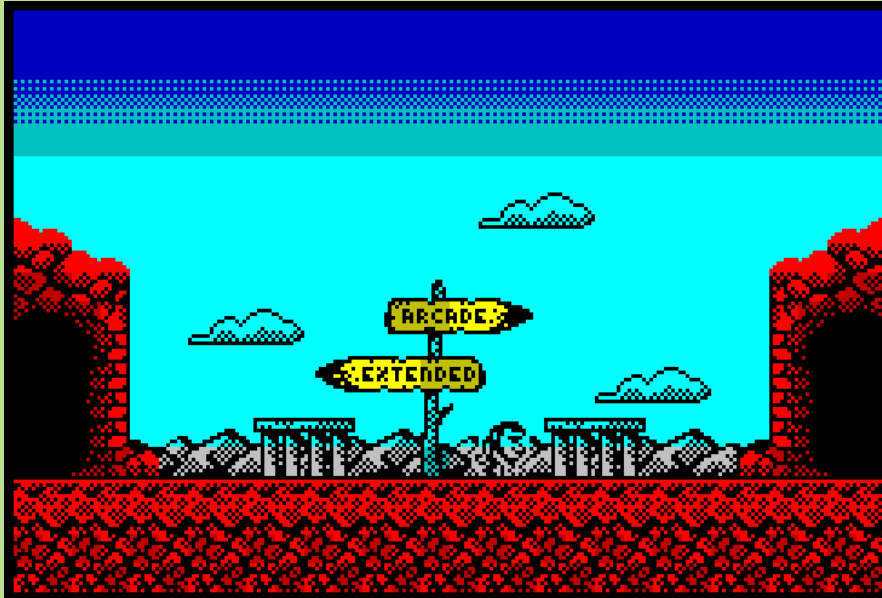

There are 5 areas to cross full of enemies and their final bosses:

1. *Labyrinth of Rocks*
2. *Lake Poseidon*
3. *Caves of Fire*
4. *Ice Ice Baby*
5. *Golden Ruins*

🗺 Game modes

There are 2 different game modes: **Arcade** and **Extended**. Choose one of them.

Arcade mode: This is the classic mode, 5 linear stages with their final bosses**.**

Extended mode: This mode expands the arcade mode with 5 hidden stages.

This is the Jujuland map for the extended mode. We have to complete the 5 areas and find the hidden paths to the secrets zones of each area.

This secret zones have chests where we can buy an Idol for our girlfriend using our Bitcoins. Only finding the 5 idols we can complete the 100% of the game.

Remember to get enough coins on the way!
